SUMMARY

Dynamic Full Stack .NET Developer with comprehensive expertise in ASP.NET, MVC, SQL Server, and WPF. Proven track record of delivering robust web and desktop applications that enhance user experience and drive business success. Eager to leverage cutting-edge technologies and collaborative problem-solving skills at TCS to create innovative software solutions.

SKILLS & QUALIFICATIONS

Full Stack Development, **AI Tools Integration & Automation**: Proficient in incorporating AI capabilities—such as Cognitive Services, Automation, and ChatGPT—into full-stack .NET applications to automate processes, enhance user experiences, and drive data-informed decisions. ASP.NET, MVC, C#, SQL Server, WPF, Angular, React, JavaScript, HTML, CSS, ADO.NET, LINQ, Entity Framework, REST APIs, Git, Secure Payment Gateways, Cloud Computing, Agile Methodologies, TDD, Continuous Integration

PROFESSIONAL EXPERIENCE

Full Stack Developer | Digitalyoushop Technologies | Nagpur, Maharashtra | Feb 2024 – Present

- Engineered high-performance, responsive web applications using ASP.NET MVC and Angular, improving user engagement by 30%.
- Integrated multi-layered secure payment gateways, achieving a 99.9% transaction success rate and enhancing user trust.
- Collaborated with cross-functional teams to conceptualize and implement innovative solutions, streamlining the development process by 25%.
- Utilized database optimization techniques for SQL Server, leading to a 40% reduction in query response times and improved application efficiency.

Intern | Digitalyoushop Technologies | Nagpur, Maharashtra | Nov 2023 – Jan 2024

- Developed a state-of-the-art payment gateway website, prioritizing UX/UI design and secure transactions, attracting over 10,000 users in the first month.
- Enhanced backend performance by implementing robust algorithms, decreasing server-side processing time by 50%.
- Gained significant expertise in modern frontend frameworks and reinforced backend development skills, contributing to a 20% increase in application scalability.
- Participated in debugging sessions, increasing issue resolution efficiency by 35% through targeted troubleshooting and peer collaboration.

TECHNICAL PROJECT EXPERIENCE

E-commerce Web Application

- Designed and developed a full-featured e-commerce web application utilizing ASP.NET MVC and Angular, supporting over 5,000 concurrent users.
- Implemented a robust user authentication module, enhancing security posture through multi-factor authentication (MFA).
- Conducted extensive testing and user feedback sessions, leading to a 25% increase in customer satisfaction ratings.

Inventory Management System

- Created a desktop application using WPF for inventory tracking, improving data accessibility for 20+ users across various departments.
- Automated reporting processes, reducing manual effort by 60% and enhancing the accuracy of inventory data.
- Devised a user-friendly dashboard, providing real-time insights into stock levels and turnover rates, resulting in informed decision-making.

Payment Gateway Management System

- **Designed & Developed:** Architected a robust Payment Gateway Management System using ASP.NET MVC and RESTful APIs to streamline real-time financial transactions.
- **Security & Compliance:** Integrated multi-layer encryption and adhered to PCI-DSS standards, ensuring secure handling of sensitive user payment data.
- **Performance Optimization:** Optimized transaction workflows, achieving a 99.9% success rate while reducing payment processing latency by 30%.
- **Team Collaboration:** Worked cross-functionally with QA, DevOps, and security teams to implement fault-tolerant error-handling and rapid incident response mechanisms.
- **Automation & Monitoring:** Developed automated logging and monitoring systems that enhanced transaction tracking and improved system reliability.

Certification

SQL (Intermediate) Certification

Python (Basic) Certification

Genrative AI – Google Cloud Skill Certification

Genrative AI Fundamentals – Google Cloud Skill Certification

Large Language Models – Google Cloud Skill Certification

EDUCATION

Bachelor of Engineering in Computer Science & Engineering | CGPA: 6.8 | Sant Gadge Baba Amravati University, Amravati
